DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3 and 7 are rejected under 35 U.S.C. 102(b) as being anticipated by Almond.

The Almond reference discloses a retractable belt lotion applicator comprising a first handled body 13 having a handle (curved outer surface of body 13), a replaceable belt cartridge (belt 11 and lotion), a second handled 16 having a handle 12, a first cavity (interior of body 13), a first retraction mechanism 22, and a first end cap 31.

Allowable Subject Matter

Claims 4 and 8-11 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 5 and 6 are allowed.
